

Kool-Aid Dyed Playsilks

Instructions

1. Presoak silks in hot water and 2 TBS of vinegar for 30 min.
(I used my washing machine with the door open and then a spin cycle)
2. Mix 2 C water with 1/2 C vinegar in a glass bowl.
3. Following Kool-Aid combinations below, pour powders into bowl.
4. Submerge silk and cover with plastic wrap.
5. Microwave for three minutes and let sit for three additional minutes.
Repeat if desired.
6. Allow to cool, wring out excess liquid and then hang to dry.
7. After drying completely, wash playsilk in cold water with some dish soap.
Rinse until water runs clear. Hang to dry.
8. Admire your beautiful and colorful playsilks!
